New design: Motorbase MB 100 x 750, Part no. 02 200 900

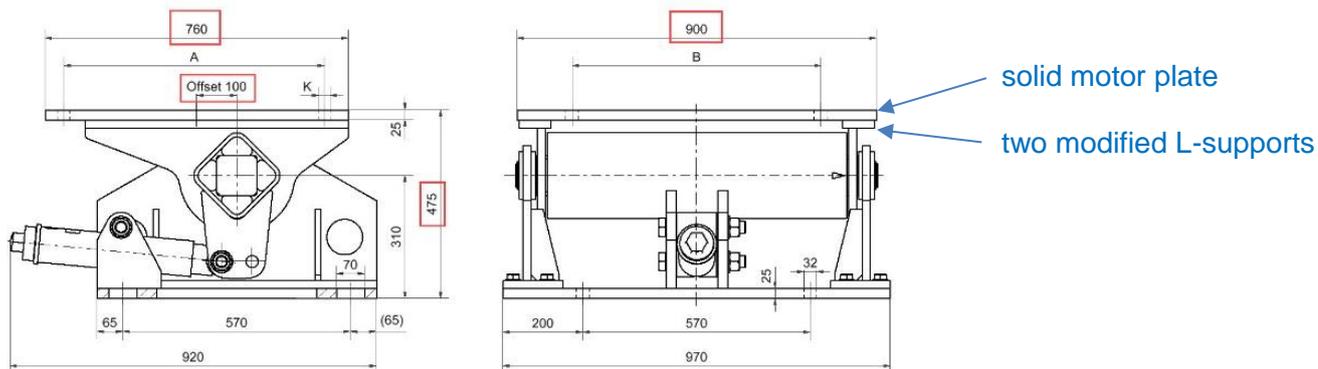

ROSTA improved the handling of the Motorbase MB 100 by adding a solid motor plate.

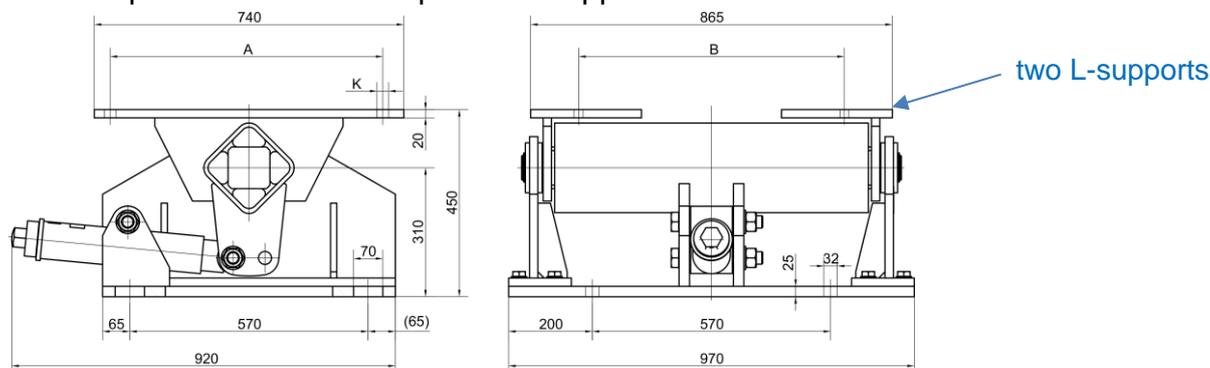

Characteristics

- The MB 100 has now a solid motor plate
- The part no. stays the same
- Form, fit and function is mostly equal to the previous MB 100 versions, the small deviations are shown below:

MB 100 new with one solid motor plate, delivered in “off-set” configuration:

MB 100 previous with two separate L-supports:

The red markings indicate the small differences.

Availability

- From now, we only sell the improved MB 100.
- Please ask for the new prices.
